

Summer Internship

Program Overview: Spend your summer as a full-time defender of preborn children in Created Equal's program combining classroom training and field experience.

Program Timeline: June 3 – July 28, 2018

Compensation: Your salary will be based on the amount you fundraise. Summer intern salaries are capped at \$2,500 for the program duration. Our staff will guide you in support-raising to meet this goal. This will include assembling contacts; writing, sending support letters; one on one meetings; church/small group presentations; etc.

Classroom Training: Topics will include, but are not limited to: Advanced conversational apologetics, Social reform movements of the past, Historical genocide and American passivity, New media, Abortion & the Bible, Public speaking, Formal debate training, Logic, and more. Training will include a combination of lectures—taught by Created Equal staff and guest speakers—video, and readings. Interns may be required to complete readings on their own time.

Field Experience: Interns will engage in frequent outreach using a variety of Created Equal tools (e.g., handheld signs, postcards, dropcards) in a variety of venues (e.g., downtown squares, highway overpasses). When travel is required outside of Columbus, Created Equal will make arrangements for you.

Projects/Tasks: Interns will be required to complete readings, write short papers/reflections, and complete other individual projects. Additionally, interns will also spend time completing administrative tasks in the Created Equal office.

Housing/Transportation: If you do not live locally, Created Equal will seek—but cannot guarantee—a host family for you in Columbus. Your host family may require rent and/or a contribution toward food/utilities. All interns will be responsible for their own transportation to/from the Created Equal office each day.

Hours: Most official activities will take place during the office hours of Monday-Friday, 9:00 AM – 5:00 PM. However, events may also take place during evenings and/or on the weekends. You will receive a schedule prior to the beginning of the internship so that you can plan personal activities/travel accordingly.
