

"I remember seeing your group on my campus last year, and it had a significant impact on me. When I first saw your displays, I did not want to believe what I saw, but I took it upon myself to think and research further. I am proud to say that now my views have changed completely." - Emmilee, student, Bowling Green State University (Bowling Green, OH)

Our team is reaching students like Emmilee with the most powerful witness against abortion: the victims themselves.

This spring, the JumboTV once again returned to campus in addition to our handheld signs.

At Ohio University (Athens, OH) and University of Cincinnati, we broadcast the faces of injustice on the massive screen. Students walking by saw the reality covered up by euphemisms like "choice" and "reproductive freedom."

This technology provides a voice to the victims killed by abortion. While they cannot speak, the JumboTV makes them seen in a way which cannot be ignored.

Nothing draws a crowd like the JumboTV on campus! If a picture is worth a thousand words, a video is worth a million.

WE NEED YOUR HELP TO TAKE CUTTING EDGE TECHNOLOGY TO THE FRONTLINE FOR THE BABIES. YOUR GIFT OF ANY SIZE HELPS OUR TEAM EXPOSE THE GRISLY REALITY OF ABORTION TO CHANGE MINDS AND RESCUE BABIES FROM DEATH.

This spring, we also took our largest *Justice Ride* team yet on the road! Nearly half of the students were first-time *Riders*. On the first night, we prepped the students for outreach—equipping them with both evidence to defend the humanity of babies and skills for creating respectful dialogue.

After the first day on campus, we piled back onto the bus to continue onward and listen to stories from the day. Corbyn, one of the first-time *Riders*, said that after asking one individual for his thoughts on abortion, the man responded,

I don't think anything needs to be said. These pictures say it all. Before you guys came to this campus today, I was pro-choice. But seeing these pictures and the atrocity that abortion is made me completely change my mind.

Corbyn's story was one of many successes throughout the week. Here's what other new *Riders* said afterward:

Created Equal is not just an organization but a family. Not only will your defense of the preborn be strengthened, your faith will too. — Julia

This is an organization truly in the business of saving babies. — Jeremiah

Thank you for helping us mentor these students! They provide hope for the babies in need of rescuers.

Created Equal Team Continues to Grow!

By the end of the *Justice Ride*, many students were asking, “What’s next?” All were given tools for taking our outreach back home with them, but some still wanted to do more. From those students, we selected a team to spend the summer in full-time rescue efforts as part of Created Equal’s internship program.

Here’s what a few of these new interns had to say:

I haven't stopped thinking about the mission since the Justice Ride ended. My heart aches to give this all I can. — Victoria

This is a fight I want to be engaged in for the rest of my life. — James

I like how Created Equal's mission understands that the Gospel and the pro-life message go hand-in-hand. — Evangeline

Meet our class of first-year summer interns! These students will spend their summer defending babies full-time. Support them by giving online at CreatedEqual.org/Donate.

These students will not spend the summer stuffing envelopes. Our interns are on the streets daily—creating public dialogue, making visible the hidden victims of abortion, reaching out to those planning to kill their children, and much more.

By the end of the program, these students will be fully equipped. Some will return as staff members. Others will go on to other vocations. But all will be prepared for a lifetime of sacrifice and service on behalf of their neighbors.

OUR INTERNS MUST RAISE THEIR OWN FINANCIAL SUPPORT. PLEASE CONTRIBUTE TO OUR INTERN SCHOLARSHIP FUND TO ASSIST THOSE NEEDING HELP. YOUR GIFT OF \$75, \$45, \$20, OR \$5 HELPS OUR NEWEST RECRUITS SUCCEED.

Activist Radio: The Mark Harrington Show launched

Finally, this spring we relaunched “The Mark Harrington Show” online. For years, I’ve provided insight and commentary on the culture wars via traditional radio. Now the program has been completely retooled with a new broadcast studio. We go **LIVE** every Thursday on several social media platforms, including Facebook, YouTube, and Periscope.

Who: Mark Harrington and various special guests

Where: Facebook, YouTube, Periscope

When: Every Thursday at 1:00 PM EDT

TAKE ACTION: WATCH THE MARK HARRINGTON SHOW LIVE ON SOCIAL MEDIA. SHARE EPISODES TO SPREAD THE WORD AND DEFEND TRUTH IN THE CULTURE WARS.

There is great reason to be encouraged. Babies are being rescued. God is sending young soldiers willing to dedicate their lives to truth.

But the work is far from finished. Help us press onward!

For Truth,

Mark Harrington, National Director, Created Equal

Catch LIVE updates from the frontline of the culture wars every Thursday at 1:00 PM EDT. The show is broadcast on Facebook, YouTube, Periscope. Recordings are available on iTunes and PodBean.

P.S.— Juliet sent us this note: “The movement you’ve started needs to go global. I wish New Zealand could have something similar, I think we just need a committed abortion abolition team like Created Equal.” Together, we can inspire and equip people across this globe to stand up for truth. Will you join us?
