

created equal
SUMMER 2018

**"I want to spend my life trying to let others have a chance at one."
- Victoriann, first-time *Justice Rider* this spring; full-time member of
Created Equal's 2018 summer internship team**

SO FAR THIS YEAR...

- 34 High Schools
- 50 College outreaches
- 63 Sidewalk Counseling efforts
- 39 Downtown outreaches
- 24 Operation Overpass displays

COMING UP

- Sept 3: Vote Anti-Abortion Launch
- Oct 1—Nov 6: Fall *Road Trip for Life*

CATCH UP ON WHAT YOU MISSED

The Summer 2018 *Justice Ride* may be over, but you can still watch highlights at [Facebook.com/CreatedEqual](https://www.facebook.com/CreatedEqual), where we've shared videos from the frontlines!

Watch *Riders* recount their stories on the *Justice Ride* bus, listen to Mark interview new recruits, and more!

Dear friend of the preborn,

Thanks to your prayers and generosity, Created Equal has changed hearts and minds and disciplined the next generation this summer with our *Justice Ride*, internship, Project Weak Link and more! And most importantly, children continue to be rescued from abortion.

We never take our foot off of the gas pedal! Approaching the fall we have even bigger plans to reach more students and influence American voters to VOTE ANTI-ABORTION in the fall midterm election.

Please continue to stand with us as we stand in the gap between the victims and victimizers.

Defending LIFE,

Mark

The Justice Ride not only provides students with knowledge why abortion is wrong but opportunities to change minds and save real babies!

OVERHEARD ON THE SUMMER 2018 *JUSTICE RIDE*

"Wow, this is what abortion really looks like? This is crazy! My girlfriend was going to have an abortion, but now that I've seen these images, I'm going to show them to her and explain what abortion actually does." - Ben in Detroit

"I get your point. Those [babies] are all people. We shouldn't kill them." - Jan in Cleveland

"I used to think abortion was okay, but I talked to one of your team members. And now I think that if someone gets pregnant, they should give them up for adoption or something. Abortion isn't okay." - Julie in Columbus

Summer 2018 Justice Ride. Our team reached passerby in downtown squares throughout the Midwest. We also displayed victims of abortion on busy overpasses and offered counsel to men and women entering abortion facilities.

Notorious abortionist Leroy Carhart will now have to find someone else to do his dirty work! BioMedical Waste Services, Inc. had been disposing of Carhart's victims, but that changed when they heard about our ProjectWeakLink effort.

Our Summer 2018 full-time team. Every summer, we bring our top Justice Riders to Columbus for our internship program.

WHAT THE *JUSTICE RIDERS* HAD TO SAY ABOUT THE TRIP

"I learned how to articulate my defense for preborn humans, while at the same time being sensitive toward people and learning where they are coming from." - Elizabeth

"A picture is worth a thousand words, so this outreach is like speaking a thousand words in the span of a glance." - Kenton

"The way Created Equal trains others is easy to process. You feel like you can talk to anyone about abortion." - Rachael

"Created Equal is a fantastic organization that emboldens young people to stand strong in the fact that abortion is murder. They don't tip-toe around the truth but rather approach the problem head on and full force." - Isaac

PROJECTWEAKLINK VICTORY!

Earlier this summer, we contacted BioMedical Waste Services (BWS), Inc., insisting they stop enabling abortionist Leroy Carhart by disposing of his victims' bodies. We informed them our ProjectWeakLink would expose companies who refuse.

Days later, BWS General Manager Ray Krell responded to say they had discontinued their partnership with Carhart.

This was a huge victory for ProjectWeakLink. Carhart will now have to find another way to dispose of his victims or cease killing. Our work, however, is far from finished. We have evidence BWS continues to service several other abortion facilities. Join us in calling on BWS to cease all partnership with killing babies. See "Take Action" below!

INTERNS, ROAD TRIPS, AND VOTES!

There's a lot on the horizon. As our summer interns graduate, we enter the next phase of mentorship: guiding them to implement our projects in their own schools and cities.

This fall will see the return of two critical projects: *Vote Anti-Abortion* and our *Road Trip for Life*. The former will remind voters no moral issue trumps the purposeful killing of 2,500 babies every day. The latter will reach colleges, high schools, and more with the ugly truth of abortion. Stay tuned!

TAKE ACTION

1. **Pray** for our summer interns as they seek to recruit and motivate their own teams in their hometowns.
2. **Insist** BioMedical Waste Services, Inc. cease enabling abortion. Call BWS President Ray Krell (410-437-6590). Go to ProjectWeakLink.com/stop-bws to send Krell an email. Urge BWS to stop doing abortionists' dirty work!
3. **Tell** students you know about our 2018 Fall *Road Trip for Life*! This one-month outreach trip will reach thousands with the truth about abortion. Those interested should email Contact@CreatedEqual.org or call 614-269-7808.
