CREATED EQUAL BRINGS TRUTH TO MASSES AT THE DEMOCRATIC NATIONAL CONVENTION

"PLANE TRUTH" TOW BANNER

We were in the skies and on the ground at the DNC!

Our "Plane Truth" banner exposed the truth that abortion is the greatest killer of black Americans.

On the streets, we used Operation Overpass, our Truth Truck, handheld signs, and more to urge voters to exercise their civic duty on behalf of the most marginalized in our society: the preborn.

OPERATION OVERPASS

MAKING DEFENDERS WITH CREATED EQUAL'S *DAY OF ACTION*

Dozens of activists converged on Columbus, OH for this year's *Day of Action*! After a crash-course in how to talk about abortion, we took them to several outreach sites to put their skills to practice.

Check out our team photo and comments from several participants below!

"It's simpler than I thought to talk about abortion. I am walking away with more confidence, interest, drive and less fear." - Hannah

"I learned about the apologetics behind the pro-life movement and how to debunk pro-abortion arguments." - Luke

"Created Equal allows you to learn through real experiences; they equip you with the tools you need and get you out in the real world to talk to people." - Ellie

INTERNSHIP CLASS OF 2020

At the end of the summer, we commissioned our newest class of graduating interns for the work ahead! Two are returning this fall for an academic-year internship with our team. Others have already gone on to assemble and lead their own outreach teams in their hometowns.

Check out our YouTube channel, **Created Equal Films**, to see our summer 2020 interns in action!

ABORTION ADVOCATE STORMS OUT OF DEBATE

Did you watch the formal debate this summer between Created Equal's Seth Drayer and Indiana abortion advocate Erin Fogg?

The debate was focused on one question: Is elective abortion a moral right or wrong? But the event took a shocking twist when Fogg stormed off the stage shortly after Seth's opening remarks! You've got to watch it to believe it.

Fogg is not the only abortion supporter trying to stifle dialogue. But we will not be stopped. We keep taking our winning message before the public—and every time we do, hearts are reached and minds are changed.

Why do many abortion advocates reject civil dialogue? Watch the clip to find out:
