SPRING 2021

CREATED EQUAL'S 2021 JUSTICE RIDE TO FLORIDA  
SO LONG AS BABIES DIE, OUR TRAINING PROGRAM WILL NOT BE CANCELED

**BABY SAVED ON THE JUSTICE RIDE!**

On Day Two of the *Justice Ride*, one of our buses led outreach at Eastside High School (Gainesville, FL). As cars left, first-time Rider Joselin offered literature to drivers.

One car had a mother and her 15-year-old daughter, "Katie," inside. When they stopped, Joselin learned Katie was pregnant and planning to abort her child. Joselin began to share why abortion was wrong and explained the help available to Katie.

Afterward, Katie said, "I changed my mind. I'm not going to have an abortion."

Tearing up, Katie's mom declared, "We're going to have a baby!" Please pray for them!

**COLLEGE CAMPUSES**

**ABORTION FACILITIES**

**HIGH SCHOOLS**

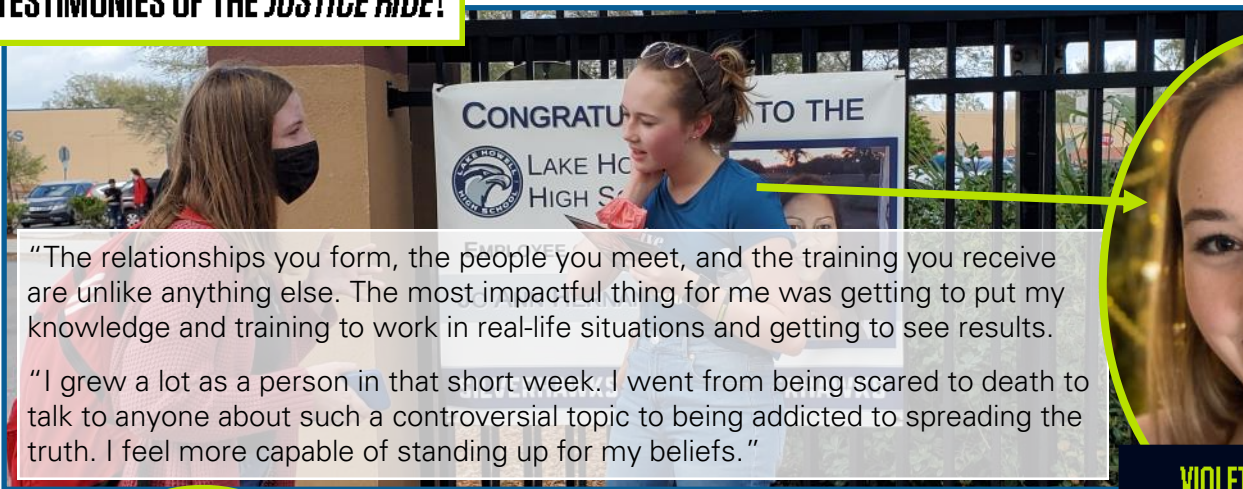

## WHAT IS THE JUSTICE RIDE?

Created Equal's *Justice Ride* includes classroom training from leading apologists, like Stephanie Gray Connors, Mark Harrington, and Seth Drayer. But that is just the beginning. Our experienced staff next stand shoulder-to-shoulder with students to lead them in life-saving outreach. When Riders return home, they have not only theory but also experience in outreach on college and high school campuses, sidewalk counseling outside abortion facilities, and more!

## TESTIMONIES OF THE *JUSTICE RIDE*!

CREATED EQUAL | SPRING 2021

"The relationships you form, the people you meet, and the training you receive are unlike anything else. The most impactful thing for me was getting to put my knowledge and training to work in real-life situations and getting to see results."

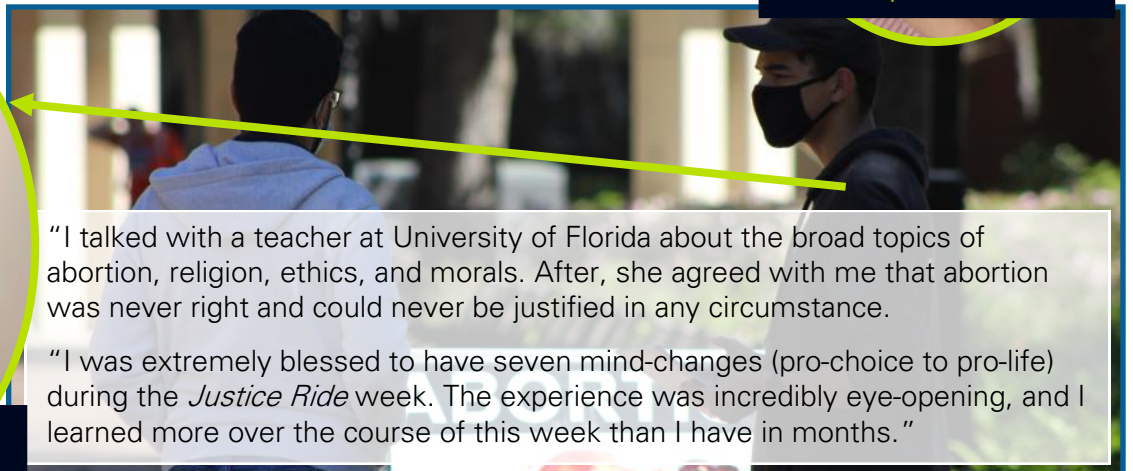

"I grew a lot as a person in that short week. I went from being scared to death to talk to anyone about such a controversial topic to being addicted to spreading the truth. I feel more capable of standing up for my beliefs."

**NOBLE, JUSTICE RIDER**

"I talked with a teacher at University of Florida about the broad topics of abortion, religion, ethics, and morals. After, she agreed with me that abortion was never right and could never be justified in any circumstance."

"I was extremely blessed to have seven mind-changes (pro-choice to pro-life) during the *Justice Ride* week. The experience was incredibly eye-opening, and I learned more over the course of this week than I have in months."

## BECOME A DEFENDER AT THE 2021 DAY OF ACTION

The *Justice Ride* may be over for 2021, but our mission to equip anyone, anywhere to defend preborn babies continues with our upcoming **Day of Action**!

This interactive workshop is a "crash course" *Justice Ride* for all ages—not just high school and college students.

**Where:** Columbus, OH / **When:** June 13, 14, 2021  
**Cost:** \$10 for individuals, \$25 per group or family
